**Re: ATC v. Outdoors DAS, LLC v. Board of Supervisors
Of Northampton Township and Michael T. Solomon
Bucks County, CCP No. 2011-09455**

Dear Messrs. VanLuvanee and Savona:

Enclosed for each of you is a time-stamped copy of the Petition to Intervene we filed this morning on behalf of our client CONTACT, an unincorporated association, by and through its constituent members, all of whom are residents and real property owners in Northampton Township. I also enclose a time-stamped copy of the Motion for Expedited Disposition that we also filed this morning in connection with the Petition to Intervene.

I met with Deputy Court Administrator Steve Watson this morning when I walked the Petition through and at that time, I suggested that His Honor may wish to conference our Petition with the two of you to determine how best and efficiently to rule upon it. As I mentioned in the voicemail message I left for John this morning after I left the Courthouse, we respectfully suggest that both of your clients stipulate to the intervention of CONTACT in the interest of fully engaging the community which ATC and its business partners are so interested in serving, and working with. Our legal bases for intervention are strong and we believe intervention is warranted as a matter of both law and practicality. I would welcome the opportunity to discuss with you the merits of your respective agreements to our intervention and invite you to call either me or David Truelove to do so. In the meantime, I will contact you if and when I hear from Judge Bateman's chambers or Court Administration with regard to the further handling of our Petition.

Very truly yours,

Timothy J. Duffy
