

# Northampton Township Summer 2022

*On December 11, 1722, a petition and a map were presented to the Quarter Sessions Court at Bristol to establish a new township on the lands lying "between Southampton Township and other lands and the Neshaminy Creek." The petition was signed by 21 petitioners. The court took just five days for approval and Northampton Township was born.*

## Chairman's Message

Dear Residents,

HAPPY SUMMER 2022 and HAPPY 300th BIRTHDAY NORTHAMPTON!

It's our 300th birthday and I would like to highlight some events scheduled to celebrate this major milestone. Beginning on September 23rd, there will be three days of events starting with the Friday Fun Fest at the Civic Center (Nike Base). Come out for great music, food, and local craft brews. Saturday will have special events at the Northampton Township Library and Senior Center and on Sunday we will round out the weekend with the Annual Northampton Day Festival at the old Richboro Middle School.

Save the date of October 14th for a very special gala event at the Northampton Valley Country Club. An interactive murder mystery dinner will be performed by the Murder Mystery Company. Colonial dining will include appetizers, main course and dessert along with a signature "outlaw" cocktail prepared by Doan Distillery.

Check out pages 19-23 for more details about these events and all the great activities planned as we all celebrate Northampton turning 300!

Also, in this edition, you will find useful information from all of our departments. There is information about the 2022 road maintenance program including the use of technology that helps the Public Works Department determine which roads need the most attention. We are on track to repair, pave and/or micro surface 10 miles of roads this year. Keep an eye out for the construction and keep our workers safe.

You will also find important information about trash collection and recycling and upcoming hazard waste collection dates sponsored by the Bucks County Planning Commission. Clean out that garage and dispose of old and unused chemicals!

Finally, included in this newsletter, the Northampton Police Department have provided great information about scams that target our seniors and ways to prevent becoming a victim.

Enjoy the summer and look forward to seeing you at the fall events.

# Veterans Advisory Commission

## Recognize a Veteran by Purchasing a Brick In Their Honor

Open to all residents and employees of Northampton Township

Family and friends have an opportunity to honor a special veteran with the purchase of a memorial brick in their honor. The cost is \$100 per brick. The Memorial Walkway is located in front of the Township Administration Building in the Veterans Memorial.

The brick will be revealed at the annual Veterans Ceremony. See the Township Website for details as the event draws near.

To purchase a brick you can print the order form and return it to the attention of Lisa Russo, Administration Office along with your check.

<https://www.northamptontownship.com/media/1798/memorial-brick.pdf>

### **Tips On Ordering Your Brick**

- Typical brick engraving includes the name of the veteran, rank, the branch of service, years of service or war, and special honors. An example is shown on the order form.
- No personal messages are allowed.
- Contact us if you need assistance with standard abbreviations or completing your form or verifying if a veteran has already been honored with a brick at the Memorial at [lrusso@nhtwp.org](mailto:lrusso@nhtwp.org) or via phone at 215-357-6800 x201.

## Trash Collection Rules and Regulations

### • TRASH IS COLLECTED ONCE (1) A WEEK:

- Each household is limited to twelve (12) bags or cans of trash per collection.
- The collection starts at 6 am, so put the trash to the curb the night before, or plan accordingly.
- All trash should be bagged, **Do Not** put out trash in paper bags, cardboard boxes, or in containers smaller than 20 gallons or larger than 32 gallons. **These cause litter.**

### • TRASH, RECYCLING, AND ONE (1) BULK ITEM ARE ON THE SAME SERVICE DAY.

#### • BULK ITEM COLLECTION:

- Bulk items can include furniture, carpets, appliances, tree limbs, or trunks larger than 3" in diameter (cannot be longer than 36") certain restrictions apply.
- Carpets and padding must be cut into 3-foot widths, rolled, tied, or taped.
- Windows, mirrors, glass panels in doors, etc., must be taped in a crisscross pattern to prevent breakage.
- Only 10 rolls of carpet/padding per pick up.
- Mattresses and box springs must be wrapped in plastic.

#### • BULK ITEMS TO BE CONSIDERED HAZARDOUS:

- Refrigerators, air conditioners, and humidifiers contain **Freon** which is considered Hazardous. *You must call to schedule a pick-up at 1-800-432-1616. There is **no charge** for this service.*

### • LEAF AND YARD WASTE COLLECTION

- April 1st to December 15th. Yard waste is collected the day following the collection of trash/recycling. Always use biodegradable 30-gallon paper bags or trash containers that do not weigh more than 50 pounds when full. **Yard waste in plastic bags will not be collected.** Tree branches and shrubbery must be no more than 36" long and less than 3 inches in diameter. They must be bundled and tied, taped, or put in biodegradable bags. Branches or shrubbery cannot extend over the top of the can or bag.

#### • MEDICAL WASTE DISPOSAL:

- Syringes and materials used for medical treatment: Place in a heavy plastic container, tape lid shut, and place in the regular trash. **(Not in Recyclables).**

#### • WHAT TO DO IF ANY OF THE ABOVE PICK-UPS WERE MISSED:

- Contact the Township at 215-357-6800 or via email at [receptionist@nhtwp.org](mailto:receptionist@nhtwp.org). Include your name, address, and phone number. The Township is in direct contact with a Route Supervisor and will reach out to the issue resolved as quickly as possible. The Township requests that once you notify us of your situation, leave whatever was not taken at the curb. If J.P. Mascaro & Sons are behind in collections they sometimes work late and on weekends to get items collected.

*The Township thanks you in advance for your patience and cooperation in these matters.*

# E-CYCLING

Televisions, along with computers and some other electronics (covered devices), can no longer be disposed of with municipal waste under the Covered Devices Recycling Act of 2010. Many of these

electronics contain mercury, lead, arsenic, chromium and other potentially hazardous substances. In addition to keeping these toxic substances from contaminating groundwater when landfilled, it is less expensive to recycle than to mine rare earth minerals used in the manufacturing.

Listed are several locations to drop off your television, and companies that will come to pick up your television for recycling. Some retailers offer a haul-away service with a purchase of a replacement tv.

## Why bring your household hazardous wastes to a scheduled event?

Household products containing toxic chemicals, like pesticides, oil-based paints, solvents, cleaning products, weed killers and automotive batteries can be a threat to people and the environment if improperly discarded. Never throw these materials into the trash, as the toxic chemicals may harm sanitation workers, or result in fires in collection vehicles. It is also not safe to pour them into a sink or storm drain as they can end up in the environment polluting the air, water, or soil.

## Maintaining Yards and Waste

---

**GRASS CLIPPINGS:** Please do not allow your grass clippings to go into the street when mowing, raking, or blowing off sidewalks. Rain will carry the clippings into the storm sewers which will eventually clog and force stormwater onto basements. If you have a lawn service, please make them aware too.

**WEEDS GROWING ON SIDEWALKS:** Please remove weeds growing on your sidewalk and curbs in warm months to keep the township looking nice for everyone.

**TRASH:** If wind or storms are expected, please secure your trash so that the trash does not blow out of containers into the Township streets or onto your neighbor's properties.

If we all work together, we can keep our Township looking nice and safe!

## How to Live With Wildlife

---

As our wildlife's natural habitats continue to be encroached by human expansion, wild animals have no choice but to adapt to living closer to humans. The least we can do is to try to adapt to living with them as well. After all, they were here first. If you are experiencing a wildlife conflict, consider the causing factors. Wild animals may take of residence in your backyard because you have inadvertently made your yard attractive to them. It could be trash you left out, the garden you planted, the warm structure you provided or the predator free area you have provided with your fence.

Here are some suggestions for dealing with wildlife conflicts through humane and non-invasive means.

### **WILDLIFE IN YOUR TRASH:**

Keep your trash cans in the garage or an enclosed area. Make sure your trash can has a lid and that it fits securely.

### **WILDLIFE IN YOUR GARDEN:**

The best way to prevent wildlife from entering your garden is to install a fence. The fence should extend a few inches below the surface and three feet above. That should deter rabbits, other burrows, and most deer. If animals are chewing and gnawing at the base of your trees, wrap the bottom three feet of the tree with

hardware cloth, chicken wire or install a plastic tree protector. Several layers of aluminum foil will work on smaller trees.

### **WILDLIFE UNDER YOUR PORCH OR SHED:**

Start by blocking off all holes except one. Place dryer sheets in the area. The odor will eventually drive the animal away. Sprinkle flour or baby powder outside the remaining open access hole & check daily for activity. Once you are sure that area is no longer occupied seal the remaining access hole.

### **WILDLIFE IN YOUR HOUSE:**

If an animal should make its way into your home, do not attempt to catch it yourself. This could be dangerous for you, your belongings, and the animal. Close off access to as much of your house as possible and open as many windows and doors to the outside as possible. Give the animal time to calm down and find its own way out.

This is just a few suggestions to help when you may encounter wildlife. You can always reach out to Aark Wildlife Rehabilitation and Education Center, 1531 Upper Stump Road, Chalfont, PA 18914, 215-249- 1938 for any further questions or concerns that you may have about wildlife.

## From the Building and Codes Department. . .

---

We often receive inquiries from residents looking to add patios to their homes. As a result, we wanted to touch on the major items for your consideration.

First, from a zoning perspective, all patios are required to be constructed within the building envelope for your particular property. All properties are within a particular zoning district in the Township, which each have required front, rear, and side yard setbacks. In addition, each zoning district has a maximum permitted impervious surface ratio, which is the amount of the lot that can be covered by paved and covered surfaces, such as the footprint of the house, driveway, walkways, and any proposed patio. As a result, this must be evaluated when considering the location and size of your patio project.

From a building code perspective, patios must be at least two (2) inches below the siding or below the top of the foundation wall if you have stucco. If there are steps, a three (3) foot deep landing is also required. It is also important to make sure that the landings and steps have flashing behind them. Guardrails are also required if the landing is thirty (30) inches or more above grade or the patio. Handrails are also required if there are over three (3) risers.

Finally, a permit is required to construct a new patio. Homeowners should coordinate with their contractors regarding who will submit the necessary forms to our office. If you have any questions, feel free to contact the Building and Codes Department at 215-355-3883. We'll be happy to answer any questions that you may have regarding your project.

# Northampton Township Public Works Department

## PUBLIC WORKS DIRECTOR RETIRES

Gary Crossland, the Public Works Director for Northampton Township will take off his work boots and put on his retirement sneakers on June 30 this year.

Gary has been the Township Public Works Director for the past 11 years but his legacy was established well before he was hired by Northampton. He previously held this title in the nearby Townships of Upper Southampton and Newtown.

With over 26 square miles in our community, a 180-mile Township-owned road system, an extensive storm water management system, many parks, and numerous publicly-owned buildings, Gary has overseen significant and lasting improvements to the Township infrastructure.

Gary has also seen his share of weather events, including blizzards, snowstorms, floods, heavy winds, and even several hurricanes that required a response from the Public Works Department. In both 100-degree heat to zero-degree cold, Gary was a key member of the Township's emergency response team, including the long hours of clean-up required after the events are over. No matter what the circumstances, Gary was always there to help and coordinate responsive public services. His quick sense of humor and infectious laugh will be missed by all who have worked with him over his many years in the Township.

***Congratulations Gary on your retirement and your wonderful career!***

## 2022 ROAD MAINTENANCE PROGRAM

With the adoption of the 2020 Township Budget, the Board of Supervisors created for the first time a Road Maintenance Fund. This fund allocated a tax (0.500) mills dedicated to maintaining the 180 miles of Township owned roads. Assuming that the average lifespan of a road is eighteen (18) years, the Board established a goal of maintaining approximately ten (10) miles of Township roads annually based on available funds.

Using a software called Roadbotics, the Public Works Department prepares a list of roads that need maintenance. Roadbotics uses technology that takes a picture every ten feet (10') of all 180 miles of Township roads. These images are analyzed with an algorithm to assess the conditions of the road and generates an average rating from 1-5. All roads that are Green represent roads ranked one (1) or good condition. Roads that are in fair condition are Yellow and rank three (3) and roads ranked five (5) are in bad condition. SEE ATTACHED IMAGE. As you can see, there are many more Township roads in green than orange or red. The road maintenance program is designed to address Township roads that are in the worse condition by repaving and preventing yellow roads from deteriorating further by extending their useful live span by micro-surfacing.

These Township roads below are part of the 2022 Township Road Program: (Roads to be repaved) –almost six (6) miles of Paving and just over three (3) Miles of Micro-Surfacing for approximately nine (9) miles of Road!

### List Roads To be Paved:

Independence Drive (.67 miles)  
St. Leonards Road (.86 miles)  
Old Jordan Road (1.66 miles)  
Temperance Lane (.90 miles)  
Elm Avenue (1.58 miles)

### List Roads to be Micro-Surfaced:

Adele Drive (.11 miles)  
Anne Drive (.11 miles)  
Anne Circle (.14 miles)  
Buckhorne Road (.37 miles)  
Cypress Avenue (.33 miles)

### An Important Message To Northampton Township's Seniors

As Seniors increasingly utilize technology and the internet, their chance of being targeted by an online scammer increases exponentially. Seniors, and families with seniors, need to be cognizant of this growing threat to their finances. These are some examples of the newest scams against Seniors:

#### Grandparent "Emergency" Scams

You get a call from someone who sounds like a grandchild or a relative asking you to wire money or send gift cards to pay for bail, or for a medical emergency. This type of scammer will not want you to hang up the phone for any reason and will not give you a number to call them back.

- Immediately, verify with other family members that your child or grandchild is safe and accounted for.
- Courthouses, prisons, and hospitals will never demand that you to purchase gift cards as a form of payment or immediately pay a bill over the phone.

#### Any phone call requests for Gift Cards:

- Legitimate Public Utilities such as PECO, IRS, FBI or any other agency will never call you and request payment in gift cards! Please don't be a victim, **hang up** and call the police for assistance.

#### Seniors using Dating Websites and Social Media

There has been an explosion in dating websites for Seniors and Social Media specifically for Senior Citizens. These forums attract scammers, looking to take advantage of Seniors who may not be savvy social media users.

If you are on a social media or dating website, remember:

- Do not post personal information or any sensitive information about you or any family members.
- Scammers often look for Seniors who act extremely lonely or overly eager to connect with other people.
- Do not give out any medical information. Even minor details may be enough for someone to get medical services or a prescription under your name.

These are just a few tips that can help prevent you from being a victim. If you have a group or a Homeowner's Association that would like to have an expanded discussion with the Northampton Township Police about fraud against Seniors, or any other topic, please call us at 215-322-6111 and ask for the Quality of Life Unit.

### Northampton Township 300th Anniversary Event at Police Headquarters

The Northampton Township Police Department will be hosting tours of our new police building located at 111 Township Rd. Richboro, Pa. Our guests will be given a full tour of the facility along with a brief history of the police department. Historical photos, first handgun issued, and maybe even a visit with K9 Pako and Officer Hearn are included in the tour.

Police Department Tours will be held on September 17th and September 24th from 1000 AM – 2:00 PM. Each tour will be assigned a 30-minute time slot and filled on a first call basis. Anyone interested in participating in a tour should call our headquarters at (215) 322-6111 to schedule a date a time with our Communication Center Clerk.

## Coffee with a Cop Event

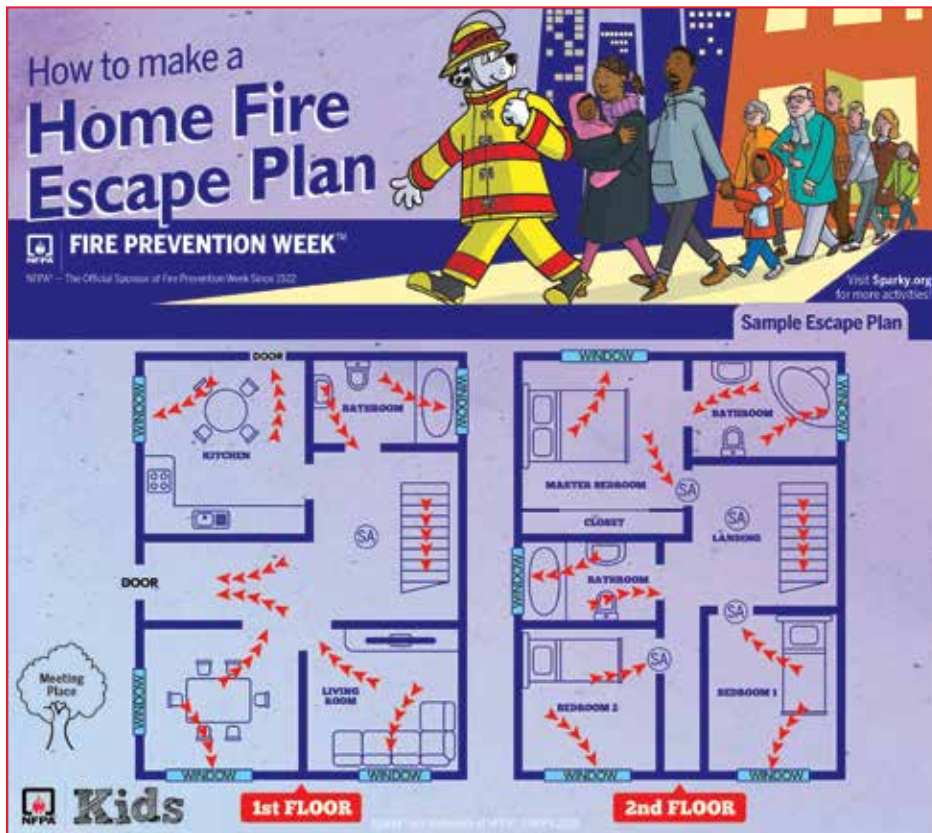

The STARboro Café, located in the Council Rock STAR Center community room, hosted the Northampton Township Police Department's Coffee with a Cop Event. Students in the ACHIEVE program provided coffee and snacks to attendees. These events provide residents a chance to get to know our officers in a relaxed atmosphere, while they can speak with an officer about any concern they may have.

A little about the A.C.H.I.E.V.E Program. The program is designed to provide students with vocational assessment, training and experience in anticipation of adult employment by including the community as the classroom. It provides opportunities to learn new skills as well as to practice application of skills learned in high school. The STARboro Café helps ACHIEVE students develop practical skills they need to be successful in their adult life. Students are able to experience the daily tasks and obstacles of running a business.

The STARboro Café is located at 30 Upper Holland Rd. and is open to the public. For more information call (215) 944-2362.

## NORTHAMPTON TOWNSHIP FIRE DEPARTMENT

- Draw a map of your home. Show all doors and windows.
- Visit each room. Find two ways out.
- All windows and doors should open easily. You should be able to use them to get outside.
- Make sure your home has smoke alarms. Push the test button to make sure each alarm is working.
- Pick a meeting place outside. It should be in front of your home. Everyone will meet at the meeting place.
- Make sure your house or building number can be seen from the street.
- Talk about your plan with everyone in your home.
- Learn the emergency phone number for your fire department.
- Practice your home fire drill!

# Grilling Safety

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But, a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

## SAFETY TIPS

- » Propane and charcoal BBQ grills should only be used outdoors.
- » The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- » Keep children and pets at least three feet away from the grill area.
- » Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- » Never leave your grill unattended.
- » Always make sure your gas grill lid is open before lighting it.

## CHARCOAL GRILLS

- » There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- » If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- » Keep charcoal fluid out of the reach of children and away from heat sources.
- » There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- » When you are finished grilling, let the coals completely cool before disposing in a metal container.

## PROPANE Grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, by smell or the soapy bubble test, and there is no flame, turn off both the gas tank and the grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. **If you smell gas while cooking, immediately get away from the grill and call the fire department.** Do not move the grill.

If the flame **goes out**, turn the grill and gas off and wait at least **5 minutes** before re-lighting it.

## FACTS

- ! July is the peak month for grill fires.
- ! Roughly half of the injuries involving grills are thermal burns.

# LIBRARY *of Northampton Township*

25 UPPER HOLLAND ROAD | RICHBORO, PA 18954 | 215-357-3050

**HOURS:** Monday-Thursday: 10:00am-9:00pm | Friday: 1:00pm-5:00pm | Saturday: 10:00am-5:00pm | Sunday: 1:00pm-5:00pm

## OCEANS OF POSSIBILITIES THIS SUMMER AT THE LIBRARY

Summer is the best time to be at the library! It is a time to sit back, relax and grab a great book and enjoy the long summer days. Besides cool air conditioning, the library also has great programs happening almost every day.

"Oceans of Possibilities" is the 2022 Summer Reading theme and this theme reflects vast "possibilities" that are offered every day at the library! Kids can pick up a reading log (preschool, elementary and teen) and start reading with prizes to celebrate every 100 minutes read! Also, enjoy "Friday Fun Movies" and "Read to the Dogs" in July. There will be "Summer Stories" for families every Monday and Thursday too. Activity Logs are available to enrich your summer reading with a prize at the end of the summer. Guessing Games throughout the summer—how many seashells, sand dollars and more—prizes for the closest guess. There will be a Story Walk Scavenger Hunt too. Enjoy an Ocean of Possibilities all summer long.

One of these great library possibilities is our student learning computers located in the Children's Area. We are excited to announce that the library is the 2022 recipient of the Win-Waste Innovation Grant (formerly known as the Wheelabrator Innovation Grant). With the \$10,000.00 grant, the library is purchasing 2 new Early Literacy Station All-in-One Systems which are geared for learning for ages 2-8 and 1 After School Edge All-in-One for users ages 6-teen. All of these children's learning computers are manufactured by the well-respected AWE Learning. Look for them this summer in the busy Children's Area!

The library's hours change slightly with the summer season. The library is open Monday through Thursday 9am-8pm, Friday and Saturday 9am-4pm. The library will be closed summer Sundays June 19 through September 4. Sunday open hours will kick in again beginning September 11.

Please join us for a great summer. But if you are away for the summer, you can still connect to the Library. Use your library card to learn a new language with Mango Languages, read the Wall Street Journal or New York Times, check out finances with Valueline or Morning Star, and stream great movies with Kanopy! Of course, there are e-books and e-audiobooks with cloudLibrary and Hoopla. Get your library card today and open an "Ocean of Possibilities".

## LUFF & GEYER ARCHIVES READING ROOM DEDICATION

On Sunday, May 15th, a crowd gathered outside the Northampton Township Archives. Family members of Elizabeth Cornell Luff and Virginia Briggs Geyer came together to celebrate the dedication of the Archives Reading room in honor of those two women. Plans to commemorate the contributions of Betty Luff and Ginny Geyer have been in the works for several years. Family members were delighted to see those plans come to fruition.

Ms. Luff and Ms. Geyer were two of the founding members of the Northampton Township Historical Society. They were tireless in their dedication to preserving our local history. In addition to numerous articles printed in a broad variety of historical newsletters, the two worked together to publish two small books that detail Northampton History: *Winds of Change and Northampton Township: 1722-2000*. These books preserve photographs, stories, and historical details from the very beginnings of our township. The items and information collected in the process of creating those publications today resides in the Northampton Township Archives. Those collections make up the backbone of our archives; without them, the Archives simply would not exist as we know it today.

As Northampton Township celebrates its 300th Anniversary, it is important to cherish our past by honoring those who served us well, celebrate our present, and welcome the future – we hope that the newly dedicated Luff & Geyer Archives Reading Room has a long, bright future as we continue to build on the historical legacy left to us by these two women.

## ARE YOUR DOWNSPOUTS OR SUMP PUMPS CONNECTED TO THE SANITARY SEWER SYSTEM? Questions and Answers Regarding Sewer System Connections

### Q: WHAT IS A DOWNSPOUT?

**A:** A downspout is a pipe that is connected to the rain gutter of your home. The pipe may be improperly connected to your sanitary sewer service. When it rains or when the snow on your roof melts, the water travels down the gutters into the downspouts and finally into the sanitary sewer main in the street.

### Q: WHY IS HAVING YOUR DOWNSPOUTS CONNECTED A PROBLEM?

**A:** Discharging rain water to a sanitary sewer through downspouts violates state and federal laws required by the Clean Water Act of 1977, and contributes to increased cost of stormwater that the Authority has to unnecessarily convey and treat each year. Stormwater from downspouts greatly contributes to this increased wastewater flow. Because the Authority system is not designed to handle this amount of flow, the wastewater is not treated properly and adds to the potential of discharging pollutants to the environment.

### Q: HOW DO I DISCONNECT MY DOWNSPOUTS?

**A:** Disconnecting your downspouts is very easy and inexpensive. It can be done by disconnecting your rain gutter from the downspout and then connecting it to a downspout extension. A downspout extension can also provide water to landscaping that would not normally receive rain water due to overhangs. Downspout extensions can be purchased at any hardware or home and garden store.

### Q: WHAT HAPPENS IF I DECIDE TO NOT DISCONNECT MY DOWNSPOUTS OR SUMP PUMPS?

**A:** Pursuant to Northampton Township Ordinance No 492, a violation is punishable by a fine of \$1,000.00 per day.

### Q: WHAT IS THE REASON FOR REGULATION?

**A:** Wastewater is the discharge from toilets, sinks, showers, bathtubs, dishwashers and washing machines. People produce wastewater. It must be treated. Wastewater is removed through the sanitary sewer system. Sanitary sewers carry it to a treatment facility.

Groundwater or storm water is water from rain or snow, which seeps into the soil. When soil becomes saturated, ground water seeps into basements. Sump pumps are commonly used to remove this water.

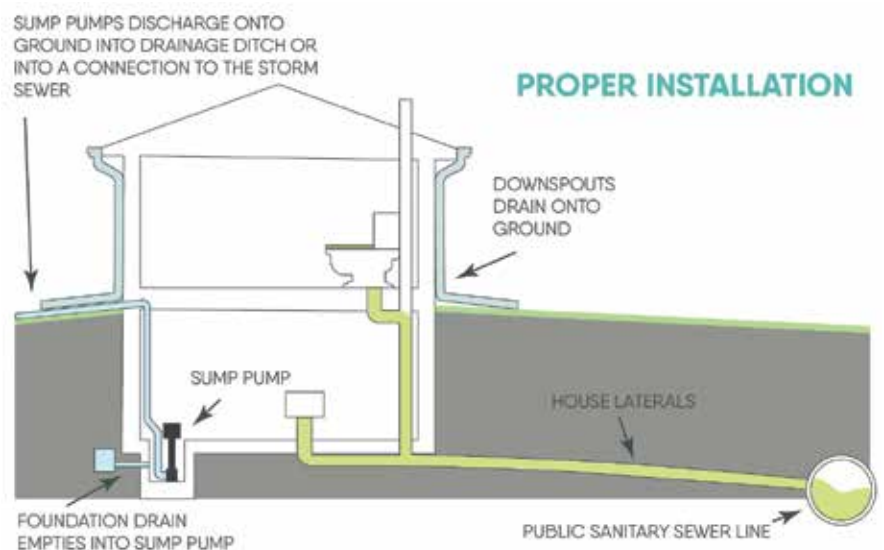

Sump pumps must not be connected to sanitary sewers, but rather must be connected to a storm sewer or discharged onto lawns.

### Q: WHY?

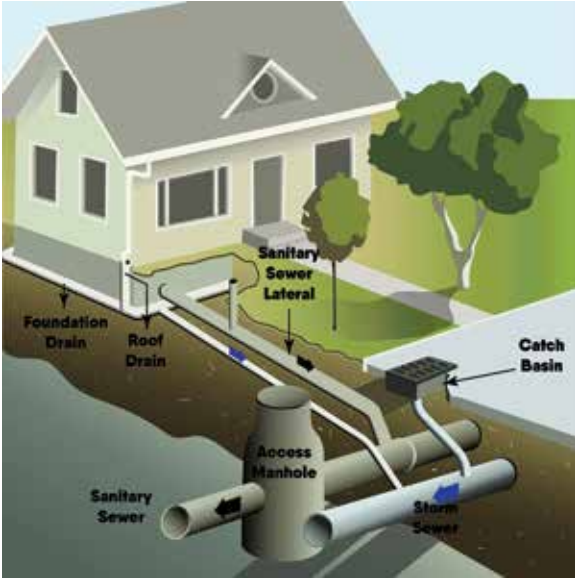

**A:** When sump pumps or downspouts discharge into sanitary sewer, flooding often is the result. Sanitary sewers are not designed to handle the extra volume rain runoff and sump pumps add. This extra volume overloads the design capacity of the system.

Wastewater needs to be treated. Groundwater from sump pumps or downspouts does not. When the volume of wastewater is increased by the addition of groundwater from sump pumps, the Authority's and ultimately the home and business owners' treatment cost increase significantly and unnecessarily.

On March 12, 2004, Northampton Township passed Ordinance No. 492, which prohibits sump pumps from being connected to sanitary sewers. A violation is punishable by a fine of \$1,000.00 per day.

On March 12, 2004, Northampton Township passed Ordinance No. 492, which prohibits sump pumps and downspouts from being connected to sanitary sewers. A violation is punishable by a fine of \$1,000.00 per day.

**Q: WHAT SHOULD I DO IF MY SUMP PUMP OR DOWNSPOUTS ARE CONNECTED TO THE SANITARY SEWER?**

**A:** Reroute the pipe so that it discharges onto your lawn or into a nearby storm sewer. If you have questions, or need assistance or advice about how to bring your sump pump into compliance with the law, contact the Municipal Authority at 215-357-8515.

**Q: IF I ASK FOR HELP, WILL I BE SUBJECT TO THE FINE?**

**A:** No, as long as you take immediate steps to disconnect your sump pump or downspouts from the sanitary sewer. Our main mission is to eliminate those connections.

**Q: ARE WE THE ONLY TOWNSHIP HAVING THIS PROBLEM?**

**A:** No. All communities are dealing with the same issues. We are seeking your assistance in promoting environmental responsibility.

## Celebrate Northampton Township's 300th Anniversary

Cherishing the past, celebrating the present and welcoming the future. Be sure to check out the events calendar on the 300th Anniversary website which also features weekly Tuesday Trivia, Fun Fact Fridays and Story Sundays all depicting the Township's history.

A few events highlighting the 300th Anniversary theme have already taken place. The annual Flag Day Ceremony not only honored the flag of the United States but commemorated the Nike Missile Base with the re-location of the Historical Marker at the Civic Center. Permanent informational panels about the Nike Missile Base are now installed near the actual launcher area for all to view. Concerts were held at the Municipal Park with "300" themes each week. A summer reading challenge at the Library encouraged all to reach a goal of reading 300 minutes a week through the month of July. The James E. Kinney Senior Center held presentations on Women Soldiers and Spies, Colonial Weaving and Wool Spinning.

Northampton is full of history. The anniversary provides an opportunity for residents to learn about the community. An interactive GPS Map locating historic sites throughout the Township. can be found on the 300th Anniversary website and can be viewed on a computer or on a cell phone. Additionally, when taking a walk in the Municipal Park discover Northampton's history depicted on educational panels that line the pathways.

September is when the fun begins. September offer family fun with activity filled weekends including programs with the Senior Center, Parks & Rec, Library, Police, Langhorne Rod and Gun Club and the Churchville Nature Center. Watch for more details about the Family Fun Fest complete with live music, brew, food trucks and games. Mark your calendar for the return of the Northampton Day Festival on Sunday September 25 when the Plows that were painted by the local schools will be featured.

On Friday October 14, a "History Mystery Gala", you won't want to miss, will be held at the Northampton Valley Country Club. Enjoy an immersive murder mystery experience where you will become part of the story and learn a thing or two about the history of Northampton Township. In addition to the annual fire prevention activities, the Fire Co is planning an ole' fashioned Bucket Brigade Day on October 15.

The fun continues in November with a Trivia Night and a month of "300's" hosted at various Township locations.

The final celebration, on the Anniversary date of December 14, 2022, will take place at the Township Supervisor's meeting, culminating this special year with Northampton's residents.

# NEED TO SELL YOUR HOME?

## Here's What Your Neighbors Are Saying About Realtor Hazel Smith...

Carol and Rob Weissberg  
with their Realtor, Hazel Smith

Hazel is a fabulous Realtor! We highly recommend her. Hazel helped us with all stages of selling our home – and buying our new home, as well.

From coordinating repairs and staging – so that our home stood out from the competition – to guidance with packers and movers, and most importantly, the invaluable “hand-holding” and positive emotional support at every step of the way, we just cannot thank Hazel enough.

Hazel really made the process easy and seamless.
