Comments:

choice / Rd about! Sorn! No circle (circled)

problems to solve:

1. traffic goes 50-60 MPH now
2. Sidewalk/locations ("tious")
3. measurement of Rd about increase off by
4. driveways and replacement cost
5. Hump is a problem / speed busy hours
6. maintenance of areas unimproved by change

~~act. #2~~

Comments:

The round-about does appear to be a good design to calm traffic + keep traffic moving. Our concern is having the round-about placed directly in front of our house bringing the Maple Ave traffic much closer to our home.

There would need to be significant landscaping done to decrease noise (esp. of trucks) + decrease vision of traffic.

★ - also, we thought the "island" was part of Playwicker Farm preserved land, not just Township land.

Comments:

As Chairman of Woodlyn Crossing HOA
I would prefer the Roads ABOUT with sidewalks
+ would be glad to work in conjunction
with PennDOT to extend sidewalks all the
way to the Bridge.

Comments:

- Round-about sounds like a great solution for traffic problems -
- Needs to be 100% safe for bicycle riders.
 - If residents support project, taking gravel from park should not be a problem
 - Woodlyn Crossing will operate via HOA
 - Should connect short sidewalks to Playwiche Farm hiking trail.
