Welcome to our New Newsletter

Hello Everyone,

Thank you to all of the residents who complimented us on our new beginning regarding our township. We are trying to bring you up-to-date information available regarding your family and communities. We will focus on events and articles to help explain what is happening and the ways our local government operates.

We give special thanks to the businesses that sponsored the advertisements that appear throughout this publication and to recognize them each as supporters and cornerstones of our community. Their support is integral to the creation of our newsletters and helps defray costs to the township as taxpayers.

Best Wishes!

Snow Removal Tips

Correct Procedure to Clear Snow

- ✓ Pile snow to the right of your driveway

Incorrect Procedure to Clear Snow

- ✗ Piled snow to the left of your driveway will cause that snow to be plowed back into your driveway area

As temperatures fall, so does the snow and ice. While enjoying the winter wonderland, remember these tips to help the township clear the roads more quickly and efficiently:

- Move your vehicles out of the street and into private driveways (this also reduces the amount of snow you have to shovel).
- During any snow emergency, all vehicles must be removed from the roadways.
- Wait to shovel the entrance of your driveway until the plows have completed their final pass along the curb line or edge of pavement. A pass or two through the neighborhood does not mean the township is finished with the snow removal process and your effort to clear driveway entrance might be wasted.
- Shovel to the right hand side of your driveway to reduce the amount of snow pushed back onto your driveways by plows (see illustration).
- Clear your sidewalk by shoveling and salting within 24 hours of the last evidence of precipitation.
- Do not throw snow from any sidewalk or driveway into the roadway; it is illegal and you can be cited.
- Keep all receptacles (trash and recycling) on the sidewalk, not in the street.
- If you have an inlet in front of your property, please assist the township in keeping it clear of snow and ice. This will prevent ice from accumulating and reduce drainage issues when the snow begins to melt.

Please be patient during the snow removal process while the township clears the roadways.

Free Library of Northampton Township

215-357-3050

www.northamptontownshiplibrary.org

Visit the Free Library of Northampton Township either in person or online – brighten up those gray days of winter with a great book or one of our enjoyable programs!

ACT Practice Test

For students, the library is hosting an ACT practice test on Saturday February 15 from 10:00 a.m. to 2:00 p.m. The practice test is proctored like an actual test, except your score won't go on record, but you can get an idea of what this college admission test is like under authentic conditions. Registration is required and a \$5 donation to the library is requested at that time. Contact the library for more information.

Attention All Foodies

Julia Child (really actress and foodie Linda Kenyon) is coming to the library on Saturday, March 29 at 2:00 p.m. Ms. Kenyon gives an outstanding performance as the beloved American chef who took taught a generation to experience the joys and excitement of French cooking! Learn about Julia's interesting and adventurous life in France and how she revolutionized – via television – how Americans think about, cook and eat food.

Fred Miller Returns

Back by popular demand, Fred Miller's "Lecture-In-Song" returns on Saturday, April 12 at 2:00 p.m. The program's topic will be announced at a future date, but all who have enjoyed Fred Miller in the past know they will have a grand afternoon of musical enjoyment.

Friends of the Free Library

The Friends of the Free Library needs your help! The group continues to support the library financially. Membership drives directly fund special programs for children and adults. However, becoming an active "friend" and volunteering your time and energy to activities that support the library is very much needed too. The group meets on every third Tuesday of the month at 7:30 p.m. at the library.

Police

Coffee with a Cop

“Coffee with a Cop” is a simple concept. Police and community members come together in an informal, neutral space to discuss community issues, build relationships, and drink coffee (and eat delicious desserts).

Since last July, the program has visited five locations – Hogeland’s Corner Grill, Dunkin Donuts, Steve Stein’s Famous Deli, Manhattan Bagel, and Jake’s Eatery – and has seen good turnout. “We have received positive feedback from our community and will continue the program to help support our close relationship with our residents,” said Police Chief Michael Clark.

The program – stemming from a national campaign – has been successful because it removes the physical barriers and crisis situations that routinely define interactions between law

enforcement officials and community members. Instead, it allows for relaxed, informal one-on-one interactions in a friendly atmosphere. This informal contact increases trust between police officers and individuals, which is the foundation to building partnerships and engaging in community problem solving.

So pull up a chair and grab a cup of coffee...

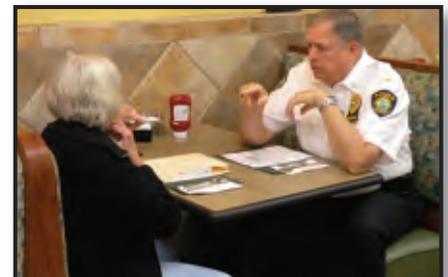

Program Details: The program is free of charge and open to all residents. Check the township’s website for future event locations. If a store owner or community member would like to host an event, please contact the police department at 215-322-6111.

“Coffee with a Cop”

Detective Pinkerton speaks with a resident during an event at Steve Stein’s Famous Deli.

Chief Clark answers a resident’s question.

Fire Marshal

• Wood Burning Appliances and Fireplaces

For those who utilize wood burning appliances or fireplaces to dispose of all ashes properly. Ashes from can remain hot and capable of igniting a fire for up to two weeks after removal from the stove or fireplace. Ashes should be placed in a metal container equipped with a lid, wetted, and stored outside away from your home or combustibles. Ashes should never be stored inside your home or garage.

• Adopt a Fire Hydrant

Please consider helping the township’s volunteer fire company this winter by clearing snow from your local fire hydrant.

• House Numbers

Can we find you? A township ordinance requires that all assigned street numbers be displayed prominently on your home or mailbox. Please make sure that your address is posted and clearly visible from the street.

Building & Codes

What is the Zoning Hearing Board?

In Northampton Township, the Zoning Map identifies the zoning designation of each property. In addition, the Zoning Ordinance outlines setbacks, minimum lot areas, lot coverage requirements, permitted uses, parking requirements, and other criteria.

Suppose as a property owner, for example, you are proposing an addition with a fifteen (15) foot side yard setback instead of the required twenty (20) feet. (Please Note: Twenty (20) feet is an example for this scenario. Each district has a different setback requirement). Since the Zoning Ordinance requirements are not being met, a permit cannot be approved. A variance, however, can be sought from the Zoning Hearing Board. In general, the following is an overview of the key points regarding the process.

- Northampton Township's Zoning Hearing Board consists of three members who are appointed by the Board of Supervisors. The Zoning Hearing Board, however, is a quasi-judicial body that operates independently and is represented by their own Solicitor.
- The operation of the Zoning Hearing Board is outlined in the Municipalities Planning Code (MPC), which is the State

- legislation that dictates zoning and planning in Pennsylvania.
- When an application is filed, the Zoning Hearing Board is required to hold a hearing within sixty (60) days.
- Neighboring property owners are notified, the property is posted that a hearing will take place, and an advertisement is placed in the newspaper.
- A court reporter is present at all hearings to have a record of everything that is stated at each hearing.
- When the Zoning Hearing Board makes a decision on an appeal, a Decision and Order is issued within forty-five (45) days, which includes the Findings of Fact.

This information is a summary of the Zoning Hearing Board. There are many more technical aspects regarding the process and legalities with respect to the granting of a variance.

If you have any questions or require more detailed information, feel free to contact Mike Solomon, Director of Planning and Zoning, at 215-357-6800 x214.

"Snow Monster"

By: Gary Crossland, Director of Public Works

The sound of growling thunder was the only thing I thought of when I first heard the rumbling noise in my office. It was a cold November morning and my first week as the director of public works when the sound had alarmed me enough to jump from my seat to look out the window. I noticed a light fog of smoke emitting from the adjacent garage, and, to my surprise, I yelled "We have one of those!"

The front grill of an old truck slowly crept out of the bay. As I received information about the truck, known as "Old 66," I was more excited than a child on Christmas morning. This mechanical marvel is a four wheel drive (six tires), large dump truck that is designed to push snow, and lots of it. Originally engineered more than 106 years ago, its purpose was to be a workhorse in all types of weather conditions.

Upon closer inspection of the department's diamond in the rough, I had realized the old workhorse needed some refurbishing to make it new again. The township's mechanics helped "Old 66" come back to life, and they even had to remanufacture parts no longer available! What's even more incredible about the refurbishing is that the cost was only 5 percent of what a new truck of similar size and functionality would have been. "Old 66" is now once again a powerful tool in our snow fighting arsenal.

So the next time you think you've heard thunder during a snowstorm, it was probably just "Old 66" rumbling along your street, plowing your way to safety.

Trash / Recycling / Yard Waste

Trash Collection

- Trash, recyclables, and one bulk item are collected on the same day. Place trash at curb no later than 6:00 a.m. on the day of collection, but no earlier than 7:00 p.m. on the prior evening. Each household is limited to 12 bags or cans of trash per week.
- Use plastic or metal trash cans or plastic trash bags. All trash should be bagged. Please do not put out trash in paper bags, cardboard boxes, or containers smaller than 20 gallons.

Trash will not be collected on the following holidays:

New Year's Day	Wed. 1-1-14	Labor Day	Mon. 9-1-14
Memorial Day	Mon. 5-26-14	Thanksgiving	Thur. 11-27-14
Independence Day	Fri. 7-4-14	Christmas	Thur. 12-25-14

Recycling

- We do single stream recycling, which means all recyclables go into the same bin. This includes plastics stamped #1 - #7, aluminum cans, foil, tin cans, paper, cardboard, and glass. No plastic bags.

Yard Waste

Yard waste will be collected only in biodegradable bags. Make sure the bags do not weigh more than 50 pounds when full. Biodegradable yard waste bags can be purchased at the administration building for \$.40 a bag or \$20 for a bundle of 50.

- **December 16 - March 31:** An additional five bags or cans of yard waste are permitted.
- **April 1 - December 15:** Unlimited yard waste collected the day after your trash day.
- Tree branches and shrubbery must be no more than 36 inches long and less than 3 inches in diameter. They may be bundled then tied/taped, or placed into cans or biodegradable bags, as long as they do not extend over the top of the can/bag.

Historical Commission

ADDISVILLE GRAVEYARD – NOW AND THEN

Did you ever notice those two sets of steps adjoining the stone wall around the old Addisville graveyard on Second Street Pike? Wonder why they are there? Maybe a stairway to heaven? Not really. Various names are attached to them – upping stones, coach steps, carriage steps, mounting blocks and more. They were built in 1816 when the graveyard was enclosed with the stone wall. The steps were built “for ease in mounting horse or carriage.”

In the early 1750s, an acre of land was purchased. The graveyard was laid out and a little church erected. That building was razed after the original section of the present Addisville Reformed Church was constructed in the late 1850s, leaving just the graveyard in the original location. Roots of the church go back to 1710 when the local Dutch residents formed the Church of Bensalem and Sammeny (Neshaminy) in Bensalem.

Several graves have markers, acknowledging Revolutionary War veterans. Arguably the most illustrious graveyard “resident” is Henry Wyncoop (1737-1816). As a Northampton native and resident, he was a delegate to the Continental Congress, a representative from Pennsylvania to the first U.S. Congress and a State court judge.

If you are interested in learning more about the township's history, the Northampton Historical Commission encourages you to stop by the township's archives, located in the library. The archives are open to the public on Mondays from noon to 7 p.m. and on Fridays from 10 a.m. to 1 p.m., or by appointment. The archivist can be reached at 215-357-3050 or by email at nht.archivist@gmail.com and the Historical Commission can be reached at nhthistoricalcommission1@gmail.com.

Website Photo Contest Winners Announced

Congratulations to Maura Reilly (1st Place), Michael Enz (2nd Place), and Charli Berman (3rd Place), the winners of the township's website photo contest! The township would also like to congratulate our honorable mention winners and thank the community for participating – the contest brought in more than 20 participants and more than 80 photos for review!

The intent of the contest was to engage the community in the launch of our new website, debuting in **March**. The winning photos will be featured on the website throughout the year.

If you're interested in sending a community photo for consideration to be placed on the website, email Jamie Gwynn at jgwynn@nhtwp.org.

The township seal was designed by Donald B. Kravitz, of Richboro, for the township's 250th anniversary celebration. The design of the seal was based on suggestions made by Mr. and Mrs. Donald A. Ebert, Holland. The seal shows a leaf with an acorn, symbolic of the White Oak tree that once marked the southwestern corner of the township. The lower half of the seal shows a grist mill and the Neshaminy Creek, which forms about half the boundary of the township, and the Schofield Ford Bridge, one of longest covered bridges in Bucks County.
